Re: Seventh Further Notice of Proposed Rulemaking
in MB Docket No. 87-268

Dear Ms. Dortch:

On June 20th, I filed a letter on behalf of the Georgia Public Telecommunications Commission ("GPTC"), licensee of noncommercial educational television Stations WVAN-TV and WXGA-TV, concerning potential interference that Station WVAN-TV might cause to Station WXGA-TV if the Commission granted GPTC's request to use an omnidirectional antenna for Station WVAN-TV on DTV Channel 9 post-transition.

That letter had a faxed signature. Enclosed is an original and four copies with the original signature. I would appreciate your associating the enclosed with the June 20th filing.

If there are any questions concerning this matter, please let me know.

Sincerely yours,

Theodore D. Frank
Special Assistant Attorney General
State of Georgia
Counsel for Georgia Public
Telecommunications Commission

Re: Station WVAN-TV, FCC Facility Id. No. 23947
Request to Modify Exhibit B to the *Seventh Further Notice of Proposed
Rulemaking* in MB Docket No. 87-268

Dear Ms. Dortch:

We have been advised by the Commission's staff that the request of Georgia Public Telecommunications Commission ("GPTC") to modify the facilities specified for Station WVAN-DT, Channel 9, Savannah, GA, in Exhibit B to the *Seventh Further Notice of Proposed Rulemaking* in the Commission's Advance Television Rulemaking proceeding to employ an omnidirectional antenna will result in Station WVAN-DT causing an additional 0.21% interference to Station WXGA-DT, Waycross, GA. This is to inform the Commission that, as the licensee of Station WXGA-TV-DT, the GPTC hereby consents to receive that additional interference to Station WXGA-DT.

If there are any questions concerning this matter or if you need additional information, please contact our attorney, Theodore D. Frank at Arnold & Porter LLP, 202-942-5790, theodore.frank@aporter.com.

Sincerely yours,

Nancy Hall
Interim Executive Director
